REGISTERED IMAGING/RADIOLOGIC TECHNOLOGIST WITH 17 YEARS OF EXPERIENCE

PROFESSIONAL OVERVIEW

A highly qualified and detail-oriented Radiologic Technologist with formal education, specialized training, and significant hands-on, practical experience in both inpatient and outpatient settings in hospitals and clinics. Accustomed to working under fast-paced, high-volume, time-sensitive conditions with a proven ability to manage multiple responsibilities simultaneously and proactively resolve issues. Team-player demonstrating a high-level of accuracy and thoroughness. Recognized for capacity to work autonomously as well as collaboratively and interact effectively with physicians, support staff, and patients. Committed to ongoing continuing education and professional development. Superior interpersonal, observational, critical-thinking, and assessment skills. Strong written, oral, and technical aptitude. Familiar with most CR and DR systems including Canon, Fuji, GE, OEC, Phillips, and Siemens as well as conventional radiography.

CORE COMPETENCIES

- *Radiation Safety Protocols*
- *JCAHO/HIPPA Compliance*
- *Patient Transport/Positioning*
- *Quality Assurance Standards*
- *Clinical Preceptor/Instructor*
- *Physician/Staff Assistance*
- *X-Ray Equipment Operation*
- *X-Ray Film/Plate Development*
- *Diagnostic Imaging/Radiography*
- *Staff Development & Leadership*
- *Patient Advocacy/Confidentiality*
- *Electronic Records Management*

DESIGNATIONS

Registered Technologist in Radiography and Mammography, American Registry of Radiologic Technology (ARRT)

State of Hawaii Radiologic Technology Board License Number: A-1234

Washington State Department of Health Radiologic Technologist Certification; License Number: 1234567890

EDUCATION

Certificate in Radiologic Technology

Holy Family School of Radiology, Spokane, Washington

PROFESSIONAL DEVELOPMENT/SPECIALIZED TRAINING

- Up-to-Date on all Continuing Education Credits; Completed Twenty Four (24) Required CE Credits Every Two (2) Years
- Completed Annual Online Heathstream Tests for Standard Precautions, Radiation and MRI Safety, Personal Protective Equipment, Hand Hygiene, Workplace Violence, Fire Safety, Back Safety, and Ergonomics
 - Completed In-Service Training on all New Equipment

PROFESSIONAL CHRONOLOGY

ABC Company <i>Radiologic Technologist/X-Ray Core Coordinator</i>	Any Town, USA	Sept. 1994 - Present
ABC Company <i>Radiologic Technologist</i>	Any Town, USA	Oct. 1994 - Aug. 1996
ABC Company <i>Supplemental Radiologic Technologist</i>	Any Town, USA	Oct. 1994 - Dec. 1995

KEY QUALIFICATIONS/HIGHLIGHTS OF PROFESSIONAL EXPERIENCE

- Seventeen (17) years experience as a Radiologic Technologist.
- Consistently demonstrated excellent positioning skills with a low percentage of repeats.
- Experienced Preceptor for new employees; trained and supervised radiology students.
- Took on the role of Staff Technologist/X-Ray Coordinator; planned manpower and organized the daily schedule to ensure a smooth workflow.
- Worked in an inpatient/outpatient setting in a 270-bed hospital with one of the busiest Emergency Departments in the state; radiology department performed on average of 250 exams per day.
- Rotated weekly through radiology department to surgery, emergency, fluoroscopy, outpatient, portables, injection room, and core coordinator.
- Performed diagnostic radiological technical work involving the operation of complex x-ray equipment.

KEY QUALIFICATIONS/HIGHLIGHTS OF PROFESSIONAL EXPERIENCE (CONTINUED)

- Produced quality diagnostic radiographic images and performed an array of radiological procedures including plain film x-rays, C-arm procedures, portables, fluoroscopic procedures (intravenous pyelograms, voiding cystourethrogram, upper GI, barium enema, venograms, sialograms, esophograms, modified barium swallows, small bowel follow-through's and enteroclysis, myelograms, lumbar punctures, arthrograms and joint injections, hysterosalpingiograms and feeding tube placements), and mammograms including needle localizations for patients of all ages from newborn to geriatric and bariatric patients; obtained plain film x-rays of the head, chest, abdomen, spine, limbs, and extremities.
- Performed portable exams in patient rooms, ER, ICU, surgery, and morgue.
- Operated C-arm for procedures such as hip pinnings, orthopedic fixation of extremities, spinal fusions and instrumentation, cholangiograms, pacemakers, line placements, ERCP's, nerve and facet blocks, and feeding tube placements.
- Assisted medical and nursing staff in the examination and treatment of patients and performed a variety of clerical functions.
- Acquired and documented patient history.
- Orientated and prepared patients on procedures; earned patient's cooperation, helped reduce anxiety, and comforted patients during exams.
- Transported patients to and from Radiology Department; assisted patients on and off radiology tables using proper body mechanics.
- Protected patients with radiation shielding and proper exposure to radiation.
- Administered oral, rectal, and intravenous radiographic contrast.
- Performed all Darkroom and quality control duties.
- Inventoried, ordered, and managed departmental supplies.
- Cleaned and stocked exam rooms; laid out sterile supplies, local anesthetics, contrast materials, and other required equipment.
- Maintained sterile technique while setting up sterile trays; respected sterile fields in the Operating Room.
- Communicated well with patients, physicians, nurses, and co-workers.
- Adhered to hospital and departmental policies, procedures, and regulations; followed protocol for required personal protective equipment and infection control.
- Operated computers to track patient workflow, perform x-rays, billing, and PACS.
- Logged and maintained accurate documentation and records.
- Working knowledge of Radiology Information Systems and Stentor.

PROFESSIONAL AFFILIATIONS

- American Society of Radiologic Technologists (ASRT), 2003 - Present
